If you have a child that is 14 ½ years old or older this would be a great class for them to take to learn how to be a safe driver. It is our goal to have each teenager be a safe and courteous driver. This Drivers Education class is approved by the State of Colorado and may reduce your car insurance rates.

This class will not only include the 30 hours of classroom and 6 hours of behind the wheel training, but will also include the following: parallel parking, backing and forward cone patterns . We are the only business teaching the cone patterns.
